

KASPER Before and After School Care

The philosophy of the KASPER program is to provide a fun, safe, and organized environment for school age children, from Kindergarten through Sixth Grade.

The curriculum is designed to provide a balance of child and teacher initiated activities, which help to promote the child's self confidence and decision making skills. A variety of activities and special events are planned including: arts and crafts, group games, sports, reading program, community service projects, and more. Character Development is incorporated into all of our programs which reinforces the basic values of Caring, Honesty, Respect and Responsibility. These values are practiced by the staff and children throughout the daily routines. In addition, a quiet area will be available every day for children to do their homework with staff supervision and assistance.

The YMCA KASPER before and after school program is conveniently located at 9 District 54 schools: Anne Fox, Armstrong, Churchill, Einstein, Hanover Highlands, Lincoln Prairie, Link, Muir, and Stevenson elementary schools. Please contact Selicia Hodges at ext. 105.
