Father & Daughter
Princesses K-3
U.S. Girls 4-8

In the YMCA Parent/Child Programs, the focus is on the father's role as a guide in a child's life. Fathers lead, direct, supervise, influence, and teach while presenting opportunities for children to explore the world around them. They lead by example as they set their children on a path through life. The program experience begins as a side-by-side journey for a father and child, until the child is launched into more advanced, independent activities. This program is based on dignity, patience, endurance, spirituality, feeling for the earth, and concern for the family.
