### Parent/Child

**Ages: 6 months-3 years**

Parents must accompany their child to all swim classes. The primary objective at this level is for the child to have fun and become comfortable in the water. The class instructor will work closely with parents, through games and songs, to teach children basic aquatic movements.

### Pike with Parent

**Ages: 3 years**

Pike with Parent is a transition class for those children who are new to swim lessons or group participation and still need a parent to accompany them in the water. The instructor will try to work one-on-one with each child to get them accustomed to the lesson environment.

### Pike

**Ages: 3-5 Beginner Skills**

Participants learn the basic paddle stroke on their front, back, and sides, kicking skills, and become comfortable with having their face in the water while blowing bubbles and swimming.

### Pike Premium

**Ages: 3-5 Beginner Skills**

Participants learn all the same skills as the Pike class, but the class size is limited to 3 swimmers. A smaller class size allows more time in the water and more time with the instructor!

### Eel

**Ages: 3-5 Advanced Beginner**

During this class children are taught to kick, float, and perform progressive arm movements across the pool.

### Ray

**Ages: 3-5 Intermediate Skills**

Children review and improve their basic stroke skills on their front, back, and side, and learn to tread water. During this class children will build endurance and begin to work on skills.

### Starfish

**Ages: 3-5 Advanced Skills**

Instructors and participants focus on creative swim skills through water sports, games, and canoe sculling. Children will also begin to learn rescue techniques.

### Swim Tests Required

To ensure your child is enrolled in the proper swim level, tests are administered throughout the day. Please see the lifeguard on duty for a swim test. Registration for swim lessons will not be taken at the Welcome Center unless a completed swim test evaluation form is presented.
